AOC LAUNCHES "STEWARDSHIP" PROGRAM

AOC Stewardship Program Overview

The AOC Stewardship Program has been established as a tool which is intended to increase the flow of communication between the general membership and the elected Board of Directors.

Monthly, each AOC Board Director has been encouraged to communicate with AOC members within their assigned responsibility area (see attached). The purpose of the routine, monthly communication may include any of the following:

- ❖ Provide a brief overview of the AOC Board's current initiatives and efforts to those contacted
- ❖ Seek input regarding topical AOC membership issues that may have impact upon the general membership
- ❖ Encourage member participation in AOC committees (i.e., Health & Welfare, Election, etc.), work projects and research (i.e., Unmarked Vehicle Policy, Professional Development Incentive, Website enhancement, etc.) and special events (i.e., Contract Cities, etc.)
- ❖ Encourage attendance to monthly AOC meetings
- ❖ Provide member feedback to the AOC Board at monthly meetings

Through the employment of Stewardship Program, it is expected that the AOC Board and the general membership will become more connected by establishing a formal, continuous and open line of communication. Additionally, through the Stewardship Program, it is expected that the Board will greatly improve the image, viability and value of the AOC organization and its prominence within the Department.
